Bachelor of Business Administration (GPA: 8.92/10) *February 2020 – December 2024*
Universidade Federal de São Carlos (UFSCar), Sorocaba, Brazil

- Undergraduate Thesis: Blockchain and its Applications: A Systematic Review and Bibliometric Analysis. Advisor: Dr. Paula de Camargo Fiorini.
- Relevant Coursework: Corporate Finance I & II, Calculus I & II, Applied Statistics I & II, Macroeconomics I & II, Financial Statement Analysis I & II, Industrial Organization & Environmental Economics, Economic Theory, Research Methods in Business.

Research Experience

Graduate Research Assistant *February 2025 – Present*
FGV EAESP – Fundação Getulio Vargas, São Paulo, Brazil

- Co-authored an empirical paper on firm-level perception of input risks in the energy transition, applying textual analysis to 23,160 earnings call transcripts from 632 listed firms (US, UK, and Nordic markets, 2016–2026) and estimating two-way fixed-effects panel regressions on lithium salience.
- Conducted a systematic literature review and bibliometric analysis of 342 Scopus-indexed articles on carbon credits in finance, applying PRISMA 2020 and VOSviewer co-occurrence mapping to map research clusters and emerging themes.
- Co-authored a study on the governance implications of generative AI integration in strategic decision support, examining cognitive compression and exploratory breadth under AI supervision.
- Disseminated findings as a working paper (SSRN #6735705) and through presentations at international and national conferences, including the 86th Academy of Management Annual Meeting (AOM 2026, Philadelphia), the 5th International Conference on Alternative Finance Research (ICAFR 2026, Málaga), and 50th EnANPAD 2026 (Fortaleza).

Undergraduate Research Assistant *February 2020 – December 2021*
Universidade Federal de São Carlos (UFSCar), Sorocaba, Brazil

- Conducted a systematic literature review and bibliometric analysis on blockchain applications as a funded undergraduate research fellow (Iniciação Científica), combining qualitative content analysis with quantitative bibliometric techniques.
- Built and cleaned a structured dataset of peer-reviewed Scopus articles, applying VOSviewer for co-citation mapping and R (bibliometrix) for performance analysis.
- Findings presented at two national congresses (45th EnANPAD 2021 and 4th SENG I 2021) and published as the undergraduate thesis.

Undergraduate Research Assistant *February 2020 – December 2021*
Center for Studies in Strategic People Management, Universidade Federal de São Carlos, Brazil

- Conducted research on strategic people management under Dr. Cristina Ubeda, co-authoring two institutional publications on employability and professional development for students and residents of Sorocaba.
- Delivered community training workshops translating research findings into practical guidance for local job-seekers.

Professional Experience

Itaú Unibanco

São Paulo, Brazil

*Portfolio and Analytics Management Analyst, Tech**April 2023 – January 2025*

- Drove continuous improvement of the technology directorate's budget, managing financial planning, forecast cycles, and variance analysis across IT infrastructure portfolios within the Tech One Itaú and Growth division.
- Identified and prioritized critical infrastructure modernization opportunities, coordinating upgrade initiatives that generated US\$10 million in annual cost savings for the bank.
- Automated financial portfolio dashboards and budget spreadsheets for executive management, streamlining monthly reporting and saving 20 hours of analyst work per month across management and superintendent teams.
- Established structured cross-departmental communication channels to align technology investment decisions with strategic financial planning, coordinating execution with partner areas across the directorate.

*Portfolio and OKRs Management Analyst**April 2022 – March 2023*

- Led simultaneous modernization and expansion projects migrating IBM mainframe infrastructure to Amazon AWS environments, acting as Product Owner and Team Lead across multiple concurrent initiatives and managing project backlogs and delivery timelines with cross-functional teams.
- Implemented and monitored OKRs across departments, conducting strategic initiatives for operational and financial efficiency (FinOps, Backlevel, MIPS).

*Risk Control Intern**December 2020 – March 2022*

- Built and delivered executive risk reports for managers, superintendents, and directors; created and monitored risk indicators and dashboards through large-scale data analysis ensuring compliance with Central Bank of Brazil (BACEN) regulations.
- Developed risk dashboards in Tableau and SAS SQL for KPI tracking and proactive risk management.

Leadership & Service

Vice President

January 2022 – December 2022

Centro Acadêmico IX de Setembro, Universidade Federal de São Carlos, Brazil

- Organized the *Semana da Administração da UFSCar*, a weekly academic event bringing together students, faculty, and external speakers from across the university.
- Chaired student assemblies for the Business Administration undergraduate body, facilitating collective decision-making and representing student interests before university administration.
- Managed the Human Resources department of the student association, overseeing recruitment, onboarding, and engagement of student members.
- Coordinated a year-long speaker series, organizing lectures and professional development events for students.

People & Performance Analyst

January 2020 – December 2020

META Empresa Jr., Universidade Federal de São Carlos, Brazil

- Developed and monitored key performance indicators (KPIs) to track individual and organizational performance within the HR division, supporting data-driven decisions on member development and retention.
- Designed and coordinated training and development initiatives for junior enterprise members, aligning learning programs with performance gaps identified through KPI analysis.
- Participated in three consulting projects for client companies across different industries, delivering analyses and actionable recommendations.
